

Text Analysis Organiser

Choice an event in the story where a character describes a procedure for doing something – relative to that event. Use this information organiser to study how your character is portrayed in relation to other characters and your chosen event. Then use this information to help you portray the character in your procedural speech.

| | |
|--|--|
| The Chapter (page numbers): | |
| The character I am portraying: | |
| The Event (problem) that occurs. | |
| What other character/s is involved and what is the relationship? | |
| Character's solution / advise/ instruction. | |

Plot the **Character's** development in the event. Use the author's words from the text.
