

Organise a double page spread to look like the information organiser below (or print download). Sketch-note new learning around each bubble as you view the video.

Script

The written text.

Actors

Performers who role play the characters.

Dialogue

What the actors say.

Elements of Drama

A drama is a story told in front of a live audience.

Acts

The 'chapters' of the play.

Scenes

Setting changes.

Theatre

The performance space.

Props.

Items that help actors role play.
